To Whom it may concern

I Mustapha Harb, General Manager of Al Shafak company registered in Libya under registration No. **04621** and specialized in the provision of various services to the oil and gas industry, certify that we have a contract with the company SAFENESS since January 2021 for the provision of drilling supervisors and HSE Advisors for the account of an oil company in Libya.

The HSSE Advisors that SAFENESS has proposed to us and are currently working in the project are highly competent and have been performing an outstanding quality of service. The technical support that we are getting from SAFENESS management is highly appreciated by us and the oil operator.

For these reasons, we strongly recommend the company SAFENESS for the provision of skilled manpower for the oil and gas industry and like to thank them for their professionalism and great added value to our project.

Mustapha Harb
General Manager
