## To Whom It May Concern

**Subject:** Recommendation Letter

This recommendation letter is made for the company **SAFENESS** for the outstanding service they have provided us during our workover job in well HELM-05 and HELM-07.

The Drilling Supervisors that the company **SAFENESS** has provided us in a very short notice were highly competent with irreproachable work ethics and outstanding interpersonal skills. They successfully helped us complete the workover operation in a safe and efficient manner and managed the drilling crew and associated service company personnel in a professional manner.

Based on all of this and more, I highly recommend with no hesitation the company **SAFENESS** for the provision of any skilled manpower personnel to any client in the oil and gas industry.

I am confident about the services of **SAFENESS**, and I can surely recommend the services.

Feel free to contact me for any questions you might have.

**Sincerely**
