6 Reasons why you should obtain QHSSE Accredited Trainings?

1. A stamp of approval
2. Skills improvement
3. Acknowledgement of achievement
4. Continuous Professional Development
5. Membership Progression in IOSH® & CSP®
6. Increase in employability

What our partner say about us

“The training was not in line - training was above all my expectations.” **Fiak Domagoj, Workover Expert at INA Grupa**

“The competency of their instructors is the highest we have ever encountered in the local market and the unanimous feedback from all attendees was outstanding.” **Ahmed Chelly, Technical Manager at Mazarine Energy**

“SAFENESS management provided a wide range of local and international HSE professional profiles that exceeded our requirements. The profiles came with high experience in drilling operations and unmatched skills compared to competition.” **Moncef Chebbi, Operations Manager at APO**

“Its a real pleasure to have you on board as our first Tunisian LP. The quality and professionalism you show in your training is encouraging to see, and I hope to continue to see your students excel in training with you!” **Joel Smith, NEBOSH International Account Manager**

“Thank you for the great training. Your enthusiasm and humor were very motivational! I m enthusiastic to keep going. Thanks again” **Radhia Charaabi, Biologist HSE Specialist**

“I would like to express my deep gratitude to Mr. Karim and SAFENESS for this exceptional experience. This session was the best of my life. Thank you for your commitment and your quality teaching.” **Louay Mahmoudi, HSE Supervisor**
